***Labex UCN@SOPHIA: Acceptance letter for a Masters' grant***

Dear Mr Sen Mourjo,

The UCN@SOPHIA Laboratory of Excellence is pleased to inform you that within the context of your application for the International Master 1 of Computer Sciences you have been selected for an UCN@SOPHIA Labex Master grant.

We remind you the conditions that you accepted to obtain this Labex grant:

- Do a second year of the Master at Sophia-Antipolis if you are accepted (the threshold to be accepted for the second year is around 12/20 and that to get the second year grant is around 14/20)
- Do the internship of the second year in one of the LABEX 's research teams
- Be eager to pursue PhD studies in one of the LABEX's research domains

**Please note that the Labex grant is of € 4 500 for the first year.**

This grant is split into two parts: the first part for the first semester of a € 3000 credited at the beginning of November, and the second part of € 1500 will be given for the second semester upon successful completion of the first semester, i.e. if you obtain 30 ECTS credits.

For the second year the grant is of € 5 400, split into two parts also. In addition to the Labex grant, you will also be paid € 436 per month during the 6 months of your internship. So altogether you will get around € 8 000 for the second year.

We wish you a lot of success in your studies in Sophia Antipolis.

Best regards,

  
**Michel Riveill**  
Director of UCN@SOPHIA
